The Trustees present the annual report and the audited accounts of the Charity for the year ended 31 December 2018. The financial statements have been prepared in accordance with the accounting policies set out on pages 15, 16 and 17 and comply with the Charity's constitution and applicable law.

THE CHARITY

LUPUS UK is the National Charity for all people affected by lupus in England, Wales, Scotland and Northern Ireland. Its objectives are to:

- educate and support patients with lupus (in all its forms), families and their carers, and to
 encourage those with the disease to be involved in managing their illness
- raise public awareness about lupus, particularly within the medical and health professions
- · fund research into lupus, its causes, consequences and treatment
- fund specialist lupus nurses within the NHS.

The original Charity, British SLE Aid Group was founded in 1978 becoming LUPUS UK from 1996 with the new constitution approved on 14 October 1995. The constitution has been amended periodically since then.

Vision A world where people with lupus can lead full and active lives.

MissionTo empower people by providing information about lupus and offering support, so their voices are heard and their condition diagnosed and managed effectively.

Trustees

The Trustees of the Charity who served during the year ended 31 December 2018 are shown on page 1. The maximum number of Trustees permitted is twelve, of which eight are elected at the Annual General Meeting, with the remaining four being appointed by the board. The Trustees will continue to be elected/appointed by rotation and serve a period of three years at which point they are eligible to either stand for re-election or step down.

At the Annual General Meeting held 12 May 2018 Tina Stemp did not seek re-election as Treasurer and stood down. Yvonne Norton was re-elected Vice-Chair and Jan Roberts a Trustee. Elaine Stewart was elected a Trustee, filling the position vacated by Elaine Holland who was elected Treasurer. These elections were unopposed.

Most of the Trustees have been involved directly in the work of the Charity prior to their election/ appointment. Opportunities for training are circulated to the Trustees and to encourage best practice the Trustees each have a copy of the NCVO publication 'The Good Trustee Guide'. New Trustees are encouraged to read the Charity Commission publication 'The Essential Trustee'.

Management

The daily management of LUPUS UK is under the control of the CEO (see page 1) who is responsible for staff and the running of National Office, and reports to the Trustees.

Key Management Remuneration

Remuneration for key management personnel is benchmarked against the voluntary sector and is set by the Trustees.

OBJECTIVES, ACTIVITIES AND PERFORMANCE

Systemic Lupus Erythematosus (SLE) usually referred to as lupus, is an auto-immune condition where the immune system instead of protecting the body, can attack any part of it. At present there is no known cure. The diversity and intensity of symptoms and damage to organs can make it a very difficult and potentially disabling disease to live with. Most people who have lupus require life-long medication, the side-effects of which can lead to potential problems.

As the disease is very complex, lupus will normally be diagnosed by a consultant following the criteria recommended by the American College of Rheumatologists. It can sometimes affect one system of the body more intensely than others. If the kidneys are affected it is usually referred to as lupus nephritis. If the skin and hair are the dominant parts affected it is usually referred to as discoid lupus. Other terms may be used by clinicians to define particular aspects of the disease.

Being diagnosed with lupus can be a lonely experience as the newly diagnosed are unlikely to know anyone else with the condition. The main purposes of the Charity are to bring together, support and help people living with lupus, and their families, and to advance awareness and education of the public and particularly the medical and health professions in all aspects of the disease. There are a number of key ways in which the Charity does this, including its telephone help-line, Group meetings in various parts of the country and information in a number of formats. LUPUS UK provides funding for medical research into the causes and consequences of lupus and improved medication and for specialist Lupus Nurses within the NHS, a policy priority.

Activities

Bringing people together remains a very important area of the work of LUPUS UK and social media plays an ever increasing part in this. At the end of the year the number of followers on social media was: Facebook 30,966 (2017: 26,088, on Twitter 8,562 (2017: 7,661) and on HealthUnlocked 22,470 (2017: 18,606). There were 474,326 (2017:391,582) unique visits to the LUPUS UK website during 2018. There were also 9,132 (2017: 7,924) information downloads.

LUPUS UK has a nationwide network of over sixty telephone Contacts, mainly members who have lupus themselves, or others whose partner has lupus and are Carers, who offer help-line advice to enquirers. The leaflet 'Listening Ear' is available from LUPUS UK National Office and is sent to all enquirers and distributed through rheumatology and lupus clinics in order to make people aware of the service.

Lupus Information Days were held in Llandudno and Dudley during the year and both events were filmed and may be viewed via the LUPUS UK website www.lupusuk.org.uk

Key Performance Indicators

In addition to social media followers, paid membership is important. It is clear that more people are happy to engage with the charity on social media and online and this drives awareness and fundraising. During 2018 399 members joined the charity and year on year membership has increased by 311. However, this continues to be a key area as there is a 'hard core' of members who have been with LUPUS UK for many years and servicing them remains very important.

Funding

The charity receives no funding from Government or any of its departments. Our income is derived from a variety of sources and we receive tremendous support from various activities and events, which are often prompted by the personal interest of a family member or friend. During the year nearly 53% of income was derived from donations, legacies, membership income and Gift Aid. Charitable Activities, as

outlined below, represented nearly 44% of income, with sales of Christmas Cards and other items making up nearly 2% and investment income 1% of overall income. The Trustees ensure that the charity is not reliant on any one source of income. LUPUS UK will not add anyone to its database unless they specifically ask to be included. The Charity does not pass on such personal information to any third party or use it for marketing purposes and does not use call centres for fundraising.

People continue to make wonderful and incredible efforts in support of LUPUS UK undertaking numerous challenges such as: climbing mountains, cycling, running, swimming and parachuting out of planes. In particular, we acknowledge the efforts of our London Marathon runners who once again excelled themselves, along with participants in many other runs and events. We are very appreciative of everyone who showed commitment to the Charity by participating in these activities and many others, to raise lupus awareness and funding for the Charity's Grants programme.

As part of the Charity's recognition of World Lupus Day (10th May), the annual Go That Extra Mile sponsored walk in central London was organised by National Office staff. This event has grown year on year and in 2018 welcomed approximately 160 participants who raised over £17, 500 as well as drawing attention and increasing awareness of lupus.

Lupus Awareness Month in October focuses the attention of members and supporters in a variety of ways to publicise lupus and the work of LUPUS UK. Awareness and fundraising go hand in hand and the theme for Lupus Awareness Month 2018 was 'Could Someone You Know Have Lupus? At the beginning of the month a staff representative of LUPUS UK participated in a series of organised radio interviews alongside a lupus patient. 18 Live & Direct interviews were completed with a high-number of leading UK radio stations reaching an expected audience of around 7.5 million listeners.

To raise lupus awareness within the medical profession the publication 'Lupus Diagnosis & Treatment' continues to be distributed to GPs around the country and to Medical Schools in Devon, Birmingham and Glasgow. Work has been underway on the third edition with the launch anticipated autumn 2019.

Information

The LUPUS UK website www.lupusuk.org.uk is packed with information and advice and has a link to the Eclipse – Light Sensitivity area for those with light sensitivity issues. LUPUS UK is accredited by the Information Standard that enables the Charity to display information on NHS websites and also helps the public and patients identify reliable sources of evidenced-based information. During the year a number of publications were reviewed and updated.

LUPUS UK keeps in regular contact with lupus specialists and lupus nurses, who may, via the LUPUS UK website, link into the section 'information for medical professionals', which includes information and the procedure for grant applications. The Charity is grateful for the advice and help of its Scientific and Medical Advisory Peer Review Panel for assessing grant applications and additional matters along with the support of a number of other medical professionals. Recognising the importance of lupus awareness within both the medical profession and the wider public, one of the Charity's aims is to provide literature and information to all people with lupus via lupus and rheumatology clinics. To increase awareness the Charity is represented at various conferences, exhibitions and seminars countrywide by the Staff, Trustees and Group members; this gives us valuable introductions to medical and health professionals.

LUPUS UK works closely with the UK Juvenile SLE Cohort Study: a collaboration between over 20 paediatric hospitals around the UK, looking into the incidence, causes and treatment of lupus in children and young people of which over 700 are now enrolled on its various research projects. This will give further information about how they are affected by lupus, standards of care and best treatment.

LUPUS UK gives its Centres of Excellence award in recognition of the excellent care of lupus patients

and productive research into the disease. Seven hospitals have so far received this recognition: Queen Elizabeth/City Hospitals, Birmingham, Manchester Royal Infirmary, Alder Hey Children's Hospital, Liverpool, University College London Hospital, the Louise Coote Lupus Unit, Guy's & St Thomas' Hospital, London and the Royal National Hospital for Rheumatic Diseases, Bath; recently joined by Addenbrooke's Hospital, Cambridge. To ensure that standards are maintained or improved periodic visits are made to each centre.

LUPUS UK continues to be an active member of LUPUS EUROPE.

Risk management

The LUPUS UK Risk Map is reviewed each year by the Trustees to examine the major strategic, business and operational risks that the Charity faces so that any necessary steps can be taken to review and lessen these risks. During 2018 there were some minor adjustments to the Risk Map.

The Risk Map covers eight areas: Governance, Legal & Regulatory, Physical, Financial, Competitive, People/Operational, Systems & Technology and Reputation. In each area the Trustees consider the likelihood and impact of each area and consider ways to mitigate any potentially adverse effects. For example the charity ensures that it is not reliant on any one source of income and all payments over the value of £5,000 require the second signature/authorisation of the Treasurer or Chair. GDPR (General Data Protection Regulation) came into force 25th May 2018 and the charity has worked hard to put in place appropriate procedures to ensure the safeguarding and security of personal data.

LUPUS UK has a robust reserves policy to ensure ongoing financial viability. Please see below.

Grant Making Policy

During 2018 the Trustees approved Grants totalling £500,362, following recommendations of the Peer Review Panel in respect of research grant applications and at the end of 2018 the Charity's commitment to fund Grants over the next five years stands at £1,690,139. However, we continue to receive more applications than we have funds available.

The Trustees are very pleased to report that from 1992 to the end of 2018 LUPUS UK and its predecessor have committed Research and Specialist Lupus Nurse funding of over £9.2 million. This is a tremendous achievement for which we are so grateful to our supporters, who have made it possible.

The Charity invites applications for the funding of research projects and specialist lupus nurses. Applications for research funding are reviewed against specific criteria and research objectives by the Peer Review Panel, who make their recommendations to the Trustees.

As LUPUS UK does not have sufficient funding available for large-scale research projects; it will continue to support applications that focus on the following:

- smaller pilot studies, which may lead to applications to major funders for large-scale research trials
- enabling grants for basic science support, which would enable larger projects by providing essential data for large grant applications
- medical meetings that would facilitate improvements to the understanding of the causes, prevention and treatment of lupus and its research.

LUPUS UK is a partner of the National Institute for Health Research (NIHR) and a patient's group partner of the Scottish Medicines Consortium.

The Charity funds specialist nurses within the NHS and seeks a commitment that these posts will become permanently funded by the particular Hospital Trusts at the end of the five year funding period. Ten Specialist Lupus Nurses are currently being funded or funding has been agreed. During 2018 agreement in principle has been given for a Specialist Lupus Nurse at St George's Hospital, Tooting, London, subject funds received to cover the full five year cost prior to final confirmation by the Trustees.

LUPUS UK is prudently run and Research and other Grants are only approved by the Trustees if funds are already held. Once the commitment has been announced the funding is placed in special reserve. Like most other charities LUPUS UK has been affected by the current economic climate and the Trustees have taken account of this with regard to future budgets and will ensure that the Charity tailors its commitments to its resources.

FINANCIAL REVIEW OF ACCOUNTS

The state of the Charity's affairs at 31st December 2018, with comparative information for the previous year, is shown in the accompanying financial statements. There have been no significant events that have impacted on the charity in meeting its financial objectives.

Total funds received during the year were £890,431 against £ 1,011,130 in the previous year. Voluntary income (Donations received, Membership and Gift Aid) was down by £120,031 on the previous year, due to reduced legacy income. Investment and interest income was up by £3,141. Charitable Activities (Fundraising) was marginally down by £640 on the previous year and income from charitable activities (Sales) was down by £3,169.

The costs of generating funds were up overall (see notes 3 and 4). The costs of generating Voluntary Income and Fundraising costs were up by £19,337, due to increased fundraising and publicity costs, with Charitable Activities - Support and Administration costs up by £13,104 (see note 5). Grants attributable for the year were down by £361,557, to £500,362. 2017 was an exceptional year for Grants.

Overall there is a deficit of income over expenditure of £59,643 for the year before including a deficit on the value of the investments. The value of the investments at 31st December 2018 stood at £679,889, which includes £400,000 invested from cash deposits during the year and reinvestment of dividends received of £8,177 during the year, and includes a decrease in value of £34,933 that has been accounted for (see note 9). The Trustees anticipate that the value will rise in the coming years as the investments are of a long term nature.

Reserves policy

The Charity's reserves at 31st December 2018 were £292,798 (2017: £387,374). LUPUS UK needs reserves to maintain its current activities and provide funding committed for longer term projects to progress them to completion, as well as enabling the Trustees to meet their day to day responsibilities and ensure that the Charity can continue to operate as a going concern. The Trustees have considered their policy in respect of the level of their reserves and aim to retain a minimum sum in the region of one year's expenditure, which will be held on deposit at the best available rate. Reserves as at 31 December 2018 meet this policy.

Investment management

The Investment Portfolio is controlled by Rathbones Investment Management Ltd, and quarterly valuations are forwarded together with various reports. Our investments decreased in value by £34,933, after a further £400,000 was invested during the 2018 (see note 9). Dividends received for the year totalled £8,177, which were reinvested into the investment portfolio and interest for the year received of £3,658 (see note 2).

PUBLIC BENEFIT

The Charity continues to work closely with the medical profession to raise awareness of the illness to all patients. Membership of the Charity is open to all who are interested in supporting its work, whether they have lupus or not. Enquiries about the condition are regularly received from the general public; the Charity makes information and advice available freely to everyone upon requests.

The Trustees confirm that they have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing the Charity's aims and objectives and in planning future activities.

In order to maximise its effectiveness, LUPUS UK is actively involved with umbrella organisations such as National Voices and is a founder member of RAIRDA (Rare Auto-Immune Rheumatic Disease Alliance), along with Scleroderma & Raynaud's UK, Vasculitis UK and The British Society for Rheumatology. Established to improve care for people living with these conditions with the purpose of bringing together clinical and patient organisations and other key stakeholders in order to raise the profile of rare autoimmune rheumatic diseases, influence policy and guide future research.

As a member of the World Lupus Federation, LUPUS UK aims to link up with other lupus organisations around the world to raise public awareness of the disease.

RELATED PARTIES

There were no related party transactions.

FUTURE PLANS

LUPUS UK plans to continue to raise lupus awareness and to advise and inform people about lupus. The other main priority for the charity is the funding of lupus research and specialist lupus nurses. Funding for these is dictated by financial income and the charity will not commit to such expenditure unless the monies are already held. These areas are unlikely to change in the future but will be further assisted by the use of information technology and social media.

VOLUNTEER INVOLVEMENT

The National Council of LUPUS UK is made up of the Trustees, a representative from each of the Regional Groups (which are managed by a volunteer committee of individuals, who are mostly lupus patients) and Regional Co-ordinators, who are also lupus patients. In total, and including the nationwide network of telephone Contacts who offer a listening ear, around 150 people with lupus and a smaller number of other supporters conduct the affairs of the Charity at local and national levels across the usual range of the Charity's educational, social and fund-raising activities.

The Trustees would like to record their thanks to those members who commit their time and energy to the charity in a variety of ways, particularly those who assist in the running of its local Groups, especially the Group Chairs and Regional Co-ordinators. We welcome offers of help from those willing to work with and support the Charity in this way.

The Trustees recognise the commitment and dedication of our many volunteers and are very grateful to all who take on these various roles.

REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 DECEMBER 2018

DONATIONS

The Charity greatly appreciates the many people, companies, trusts and other organisations who have made valued donations in support of people with lupus during the year.

STATEMENT OF TRUSTEES' RESPONSIBILITIES IN RELATION TO THE FINANCIAL STATEMENTS AS AT 31 DECEMBER 2018

The Trustees are responsible for preparing the Annual Report and financial statements in accordance with applicable laws and United Kingdom Accounting Standards (United Kingdom generally accepted accounting practice).

Law applicable to charities in England & Wales requires the Trustees to prepare financial statements for each financial year, which give a true and fair view of the charity's financial activities during the year and of its financial position at the end of the year. In preparing these financial statements, the trustees are required to:

select suitable accounting policies and then apply them consistently;

observe methods and principles in the Charities SORP;

make judgements and estimates that are reasonable and prudent;

state whether applicable UK accounting standards and statements of recommended practice have been followed, subject to any material departures disclosed and explained in the financial statements; and

prepared the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in operation.

The trustees are responsible for keeping accounting records which disclose with reasonable accuracy the financial position of the charity and which enable them to ascertain the financial position of the charity and which enable them to ensure that the financial statements comply with the Charities Act 2011. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Elaine Holland

Treasurer

Elaine Holland

Date 17/05/2019

Independent Auditor's Report to the Trustees of LUPUS UK for the year ended 31 December 2018

Opinion

We have audited the financial statements of Lupus UK (the 'charity') for the year ended 31 December 2018 which comprise the Statement of Financial Activity, Balance Sheet, Cash Flow and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the charity's affairs as at 31 December 2018, and of its incoming resources and application of resources, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice;
- have been prepared in accordance with the requirements of the Charities and Trustee Investment (Scotland)
 Act 2005 and regulation 8 of the Charities Accounts (Scotland) Regulations 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the charity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the trustees' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the trustees have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the charity's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The trustees are responsible for the other information. The other information comprises the information included in the trustees' annual report¹, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters in relation to which the Charities Accounts (Scotland) Regulations 2006 require us to report to you if, in our opinion:

- the information given in the financial statements is inconsistent in any material respect with the trustees' report; or
- · proper accounting records have not been kept; or
- · the financial statements are not in agreement with the accounting records; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of trustees

As explained more fully in the trustees' responsibilities statement set out on page 9, the trustees are responsible for the preparation of financial statements which give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charity or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

We have been appointed as auditor under section 44(1)(c) of the Charities and Trustee Investment (Scotland) Act 2005 and report in accordance with regulations made under that Act.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the charity's trustees, as a body, in accordance with Regulation 10 of the Charities Accounts (Scotland) Regulations 2006. Our audit work has been undertaken so that we might state to the charity's trustees those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charity and the charity's trustees as a body, for our audit work, for this report, or for the opinions we have formed.

NOTES TO THE FINANCIAL STATEMENTS 31ST DECEMBER, 2018

1 ACCOUNTING POLICIES

1.01 Basis of preparation of the financial statements

The financial statements are prepared on the accruals basis and under the historical cost convention with the exception of investments, which are included at market value. The financial statements have been prepared in accordance with the Statement of Recommended Practice, Accounting Standards and Reporting by Charities SORP (FRS102) effective 1 January 2015, and applicable accounting standards and the Charities Act 2011.

LUPUS UK is a charity registered in England and Scotland. The address of the charity is detailed on page one of the accounts. The nature of the charity's operations is to help relieve persons who have lupus and to advance the education of the public and the medical profession in all aspects of the disease

The financial statements have been prepared on a going concern basis as the trustees believe that no material uncertainties exist. The trustees have considered the level of funds held and the expected level of income and expenditure for 12 months from authorising these financial statements. The budgeted income and expenditure is sufficient with the level of reserves for the charity to be able to continue as a going concern.

1.02 Incoming Resources

Donations & Legacies, Charitable Activities, Investments and Other Trading Activities are included in incoming resources when they are receivable, except when the donors specify that they must be used in future accounting periods or donors conditions have not been fulfilled, then the income is deferred. The income and fundraising ventures are shown gross, with the associated costs included in fundraising costs. Grants are treated as income irrespective of the source of the grant.

1.03 Resources Expended

Resources expended: Cost of generating voluntary income, Fundraising costs and Charitable activities are included in the Statement of Financial Activities on an accruals basis, inclusive of the disallowable portion of VAT.

Expenditure which is directly attributable to specific activities, has been included in these cost categories. Where costs are attributable to more than one activity, they have been apportioned across the cost categories on a basis consistent with the use of these resources.

Grants payable are charged in the year when the conditions attaching to the grant is fulfilled. Grants offered subject to conditions which have not been met at the year end are noted as a commitment, but not accrued as expenditure.

NOTES TO THE FINANCIAL STATEMENTS 31ST DECEMBER 2018 (Continued)

1.04 Stock

Stock is valued at the lower of cost and net realisable value.

1.05 <u>Debtors</u>

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

1.06 <u>Creditors</u>

Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

1.07 Tangible Fixed Assets

Depreciation is provided on all tangible fixed assets at rates calculated to write off each asset over its expected useful economic life as follows:

Furniture, fittings & equipment 33.3%

33.3% straight line basis.

1.08 Investments

Investments are stated at market value at the balance sheet date. The statement of financial activities includes the net gains and losses arising on revaluations and disposals throughout the year.

1.09 Fund accounting

Generally funds are unrestricted which are available for use at the discretion of the Trustees in furtherance of the general objectives of the charity and which have not been designated for other purposes.

Designated funds comprise restricted funds that have been set aside by the Trustees for a particular purpose.

Restricted funds are those which are only to be used for specific purposes as laid down by the donor. Expenditure which meets the criteria is charged to the fund, together with an equitable allocation of management and support costs.

1.10 <u>Taxation</u>

The charity's surpluses are derived from, and are applied towards, the maintenance of charitable activities and as such are not subject to taxation.

1.11 Operating Leases

Rentals under operating leases are charged to the statement of financial activities on a straight line basis over the lease term.

1.12 Judgements & Estimates Note

Estimates and Judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

1.13 <u>Financial Instruments</u>

The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at there settlement value with the exception of bank loans which are subsequently measured at amortised cost using the effective interest rate.

18 OPERATING LEASE COMMITMENTS

At 31 December 2018 the charity had annual commitments under non-cancellable operating leases as follows:

| | 2018 | 2017 |
|--------------------------|-----------|-----------|
| | Land and | Land and |
| | Buildings | Buildings |
| | £ | £ |
| Expiry Date: | | |
| Within 1 year | 25,850 | 25,850 |
| Due 2 - 5 years | 64,023 | 89,873 |
| Due in more than 5 years | - | - |

19 Pension Contributions

The charity operates defined contributions pension schemes. The assets of the schemes are held separately from those of the charity in independently administered funds. The pension cost charge represents contributions payable by the charity to the funds and amounted to £5,223 (2017 - £4,474). At the balance sheet date, £nil (2018 - £nil) is outstanding.

20 Related Parties

Other than the expenses paid to the trustees, there were no other related party transactions during the year (2017 - £nil).
