

Do you have kidney disease due to lupus?

We want to hear from you.

We are inviting **adults with kidney disease due to lupus** to take part in an online research interview exploring views on immune suppressing treatment and monitoring.

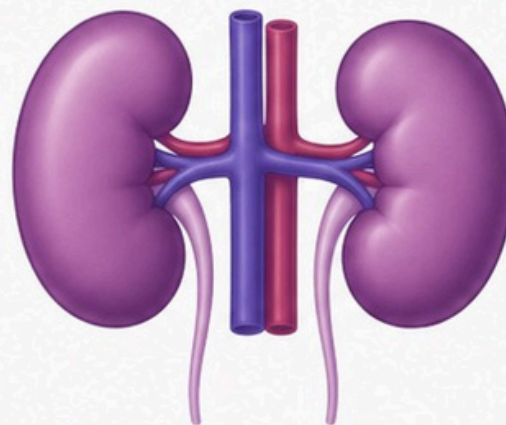

One online interview
(45–60 minutes)

Share your
perspectives

Your views will help
inform future research
and patient care

Help shape future
research and patient care

£20 voucher
as a thank-you for
completing the interview

Interested in taking part?

Please click the survey link below
to take part in our short survey.
